

Alex Tiutiunyk

Kharkiv, Ukraine
Front-End Remote Developer
info1@zojax.com

SUMMARY

I am an experienced and reliable senior front-end developer, who can provide comprehensive solutions for a wide range of digital projects. Currently I'm entirely focused on responsive and adaptive UI development with special emphasis on mobile devices and "mobile first" methodology.

Skilled in CSS2/CSS3, HTML 5, Sass/Less, CSS3 Animation, Bootstrap, Foundation, JS, JQuery, Ajax, AngularJS, Grunt, Git, Bower, Gulp/Prepros.

Interested in working with U.S. clients as a remote developer.
